

11th January 2021

Cancellation of GCSE Summer 2021 Exams

Dear Parent/Carer

As you will be aware, the Government have announced that GCSE Summer Exams 2021 are cancelled.

We know that this is a difficult time for pupils and parents/carers. Whilst exams may not be going ahead, our message to pupils is to please continue to engage as fully as you can in your education by completing the online work given to you by your teachers. By doing this, it will put you in the best position, regardless of arrangements made for your qualifications.

It is really important that you work on your knowledge and skills so that you are properly prepared to progress to the next stage - whatever form that might take – whether that's college, training or an apprenticeship.

We are waiting to hear from the Government on what the next stage will be in regard to exams. As soon as we receive any further information, rest-assured we will let you know.

Yours sincerely

Mrs C Standing
Exams Officer
