

TOTTINGTON HIGH SCHOOL

Excellence Through Partnership

22nd March 2021

Dear parent/carer

I am just updating you following the situation on our perimeter today. As you will be aware, a house fire caused a whole school evacuation for quite a period of time today. Having evacuated safely to the South Yard, we later arranged for year groups to be housed in buildings away from the incident.

At all times, we followed the advice of the emergency services and students behaved sensibly and calmly. The event did disrupt school this morning, but we returned to normal after break time. There was some impact in terms of our ability to serve hot food, but we will return to normal tomorrow.

Thanks to those parents/carers who were accommodating and helpful at the end of the day when the road was still inaccessible. Your support was much appreciated.

Our thoughts and kind wishes go to the families involved and our sincere thanks go to the fire service who dealt with the incident capably and professionally.

Thank you and best wishes

Mrs E Brett
Headteacher
