

Dear Future Year 7,

You will find when you come from primary school to high school quite a lot of things change. Friends, teachers, lessons and so on but a lot of things might also stay the same. At Tottington High School we have high expectations. Which means you must follow all the rules such as be dressed the right way, have all the equipment needed for your lessons and behave amazingly inside and outside of school. There are many opportunities at Tottington High School. For example, school council, sports teams, head boy/girl and the list goes on. I'm going to try and get in the football team! On your first day of Tottington, when you enter you will be put into lines. The line you are in is your form group and they are the people you will first get to know. You will be in form all day and your amazing form teacher will tell you all about the school, what's going to happen throughout your first day at Tottington and will answer all of your questions. This is helpful because you will be more confident and ready for the future. I hope that you have enjoyed this letter and it has helped you. Oh, and one final tip I'm going to give you is make high school fun but don't be naughty.
