

19th April 2021

Dear Parent/Guardian of

Form:

As of this week, all homework issued by class teachers will be logged on Class Charts. As a parent, this will enable you to monitor all homework as it is issued to your child. The Class Charts platform enables you to filter homework by due date or issue date, enabling you to support your child with their time management and organisation skills. As a school, we also utilise Class Charts for both positive and negative behavior points, meaning that you will have complete oversight of how your child is performing while in school. We hope that by having both behaviour and homework on one platform, our school-parent partnership will continue to go from strength to strength.

To access Class Charts, you simply visit the following website: www.classcharts.com and state whether you are accessing the site as a 'parent' or 'student' when prompted. The below codes will enable you to access both accounts:

Student code:
Parent Code:

Once you have accessed your child's account following the above instructions, you will be able to download the free Class Charts app, available on all apple and android devices.

Please do not hesitate to contact me via email if you have any questions or queries:
rdawson@tottenham.shaw-education.org.uk

Yours Sincerely,

Miss R Dawson
Senior Assistant Headteacher
