

Hello,

I have written this letter to you to tell you about and explain the great high school Tottington is. I will start by explaining how the teachers and pupils will always be ready to help whenever. Yes, getting lost does happen but there are teachers around the school and pupils and caretakers who are more than willing to help. I hope this letter confirms your ideas about Tottington.

The sports facilities are immaculate and professional. We have a sports hall with a full-sized basketball court, a gymnasium with another basketball court; we have a large field for football (full sized pitch) and running. I and my peers would rate the P.E staff highly as they can push you to improve and are keen and energised in every lesson. Clubs and sports teams are welcome to anyone, I played in the football team in Y7, and we had tournaments and games virtually every 2 weeks. I also played in the basketball team and we had a lot of games also. We did cross country and sprints along the lines (a set of tarmac that is very long and takes you from bury to Whitefield) of course, we did not do the full amount of the lines only sectioned parts. Personally I love the sports facilities in Tottington high school, and you will too!

Now the teachers. They are always willing to help and can negotiate and solve problems with you. They set a good amount of homework so you're not too overloaded and not too short of it. The subjects they have mastered and have a full understanding of every lesson they teach. Also, they are great people to talk to about your troubles or if you are bored! They engage with your learning ability and will always attempt to help you understand wrong from right.

High school is amazing because it is a fresh new book that only you can open. You make new friends, you excel in learning and sports, you find that others are like you and can get along with many people. Maybe you come to high school nervous and worried; but you will soon blossom in your new environment. Sometimes you get people who don't like you or are simply jealous; it happens, just don't focus on them. In Tottington, you will be taught to respect others, your environment and learning.

Thank you for reading my letter,

Shaun.
